

# Drexel Metals LLC Certified Installer

*Drexel Metals LLC Hereby Certifies*

**Matthew Housh**

**Arry's Roofing Services, Inc.**

*Drexel Metals Certified Installer for  
Drexel Metals Standing Seam Metal Roofing Systems*

Drexel Metals LLC (hereinafter "Drexel") certifies that the above installer is certified to install Drexel Roof Systems. Under the terms of this certification the installer and or company will guarantee at the company's own expense a Five year or a consecutive sixty month leak free roof on the Drexel Roof System that was installed. Let it be known that the installer and the company are not Drexel agents, employees, contractors or representatives. Drexel does not guarantee or represent that the installer and or company will install Drexel Roof Systems in accordance with our published details or published engineering. It should also be noted to all parties that Drexel has no control over how the installer and or company installs Drexel Roof Systems, nor does Drexel conduct, supervise or inspect any installations as a condition of this certification. This certification must be renewed one year from the date of issue. Under the terms of this certification the installer and company are eligible to participate in Drexel's Weathertight Warranty program. The above named installer is certified while employed by the company only.
